Standard Accessible Parking Spaces

Mitigation Statement:
Re-grade accessible parking spaces.
Restripe accessible parking spaces.
Add wheel stops

Guidelines:

1. **Wheel Stop or curb**
   - Prevents vehicles from going on the pedestrian path (sidewalk).

2. **Accessible Space and Aisle**
   - Space must be 8 ft. wide min, measured from the centerline of the striping.
   - Aisle must be 5 ft. wide min, measured from the centerline of the striping.
   - Must be next to an accessible route.
   - May share an access aisle with another accessible space.

3. **Slope**
   - Parking space and access aisles must be level in all directions.

4. **Parking Signage**
   - Placed at the head of each space no more than a maximum 10 ft. away.

ADA Standards 502

THE LOTTERY
Van Accessible Parking Spaces

Mitigation Statement:
Re-grade accessible parking spaces.
Restripe accessible parking spaces.
Add wheel stops

Guidelines:

1. Wheel Stop or curb
   - Prevents vehicles from going on the pedestrian path (sidewalk).

2. Van Accessible Space and Aisle
   - Space must be 8 ft. wide min, measured from the centerline of the striping.
   - Aisle must be 8 ft. wide min, measured from the centerline of the striping.
   - Must be next to an accessible route.
   - May share an access aisle with another accessible space.

3. Slope
   - Parking space and access aisles must be level in all directions.

4. Headroom
   - 98 in. min headroom to, from and at each van accessible space and access aisle.

5. Parking Signage
   - Placed at the head of each space no more than a maximum 10 ft. away.

ADA Standards 502
Signage at Accessible Parking Spaces

Mitigation Statement:
Provide accessibility signage on a post.

Guidelines:
1. **International Symbol of Accessibility**
   Located on parking sign.

2. **Mounting Height**
   - Sign mounted 96" maximum from the top of the sign to ground.
   - Sign mounted 60" minimum from the bottom of the sign to the ground.
   - Max 10 ft. away from the head of the space.

3. **"Van Accessible"**
   - Below International Symbol of Accessibility or on Additional Sign Below Existing Sign.
   - For Van Accessible Spaces Only.

ADA Standards 902

THELOTTERY
Accessible Parking Spaces

Mitigation Statement:
Add new accessible parking spaces and signs
Provide van accessible parking space

Accessible Tables and Seating

Mitigation Statement:
Provide an accessible table

Guidelines:

Clear Floor Space
1. At least 30" wide x 48" deep
   - Clear floor space may extend up to 19" under the table.
2. At least 27" from the floor to the underside of the table.
   - No pedestal bases.

Table Height
3. Height of table surface must be 28" - 34" high.

ADA Standards 902
THELOTTERY
Accessible Counters

Mitigation Statement:
Install a compliant counter.

Guidelines:

1. **Clear Floor Space**
   - Clear space in front of counter must be at least 30" wide x 48" long.
   - Keep space clear of any obstructions (no boxes, coolers, sales racks, etc.)

2. **Width**
   - Cashier counter must provide a lowered section that is at least 36" wide.

3. **Height**
   - Lowered portion of counter must be no more than 36" high.

Curb Ramps

Mitigation Statement:
Rebuild/ Re-grade/ Install curb cut.

Guidelines:
1. Location and Slope
   - No more than 8.3% slope.
   - No more than 2% cross-slope.
   - At least 36" wide.
2. Flared Sides
   - No more than 10% slope on both sides.
3. Top & Bottom Landing
   - Level landing at the top, at least 48" deep.
4. Make a smooth transition from the curb ramp to the walkways (top and bottom).

ADA Standards 406

THELOTTERY®
In-Line Curb Ramps

Mitigation Statement:
Rebuild/ Re-grade/ Install curb cut

Guidelines:

Curb Ramp
1. No more than 8.3% slope.
2. No more than 2% cross-slope.
3. At least 36" wide.

Top & Bottom Landing
2. Level landing at the top, at least 48” deep
3. Make a smooth transition from the curb ramp to the walkways (top and bottom).

ADA Standards 406
THELOTTERY
Buzzers

Mitigation Statement:
Install a buzzer at entrance.

Guidelines:

1. **Location**
   - Buzzers must be mounted near the accessible entrance, out of the swing of the door.

2. **Buzzer**
   - Must have a 30"x48" level clear floor space, free of obstructions.

3. **Height**
   - Locate buzzers 15'- 48" high.

4. **Signage**
   - Include a sign that says: "Press buzzer for assistance".

ADA Standards 308
THE LOTTERY
Ramps

Mitigation Statement:
Install an accessible ramp.
Widen existing ramp.
Enlarge ramp landing.

Guidelines:
1. Slope and Handrails
   - Slope should be no more than 8.3%.
   - Provide two handrails on both sides of the ramp.

2. Width of Ramp
   - Ramp should have at least 48" between handrails.

3. Height of Ramp
   - Ramp should not go up more than 30".
   - Ramps higher than 30" must have a landing at every 30" of rise.

4. Length of Ramp
   - For every 1" rise ramp should be 1' long.
   - Ramp must be no more than 30' long.
   - Ramps more than 30' long must have a landing every 30'.

5. Top and Bottom Landing
   - Landings must be at least 60" wide x 60" long.
   - Landings must be level and be clear of obstructions.

ADA Standards 405

THELOTTERY
Ramp Handrails

Mitigation Statement:
Install free-standing handrails at ramp.  
Add pipe railing to existing wall.  
Add extensions to existing handrails.

Guidelines:

1. **Handrail Height**  
   - All ramps must have two handrails on each side.  
   - Top handrails must be mounted between 34” and 38” above the floor.  
   - Bottom handrail must be mounted between 18” and 20” above the floor.

2. **Extensions**  
   - The top and bottom of the handrail must extend at least 12” beyond the end of the ramp.

3. **Handrail Gripping Surface**  
   - Handrails must be round.  
   - Diameter of handrail must be between 1¼” - 2”.  
   - The distance between the handrail and the wall should be 1½”.

ADA Standards 505

THE LOTTERY
Exterior Door Clearance

Mitigation Statement:
- Widen door opening
- Modify/ relocated door
- Adjust or remove door closer
- Provide a level concrete landing

Guidelines:

1. **Door Clearances**
   - Minimum 60" deep maneuvering space perpendicular to door.
   - Minimum 18" beyond the latch side of the door in addition to the clear width of the door.
   - Clear width of door is 32" minimum, measured to the face of the door to the while the door is 90° open.

2. **Door Maneuvering Space**
   - Clear maneuvering space at door must have a 2% maximum slope and cross-slope.
   - Clear maneuvering space must be free of obstructions.
   - Force to open exterior doors is 15 lbf maximum.

ADA Standards 404

THE LOTTERY
Exterior Door Hardware and Thresholds

Mitigation Statement:
Replace Door Hardware
Replace/ Remove Door Threshold

Guidelines:

1. Door Hardware
   - Door hardware must be installed between 36” - 48” above the floor
   - Door hardware must be a lever, U-dandle, or push bar (no door knobs).

2. Beveled Thresholds
   - Threshold must be beveled to provide a smooth transition
   - Threshold must be less than 1/2” high

ADA Standards 404
THELOTTERY
Walks and Sidewalks

Mitigation Statement:
Widen existing walkway
Modify/relocated door
Adjust or remove door closer
Provide a level concrete landing

Guidelines:

1. Walkway Width
   - Minimum 48” measured to the inside of the curb stone.
   - Clear width may be reduced to 36” minimum for short distances.

2. Walkway Slope
   - Slope of walkway must be no more than 5%.
   - Cross-slope must be no more than 2%.

3. Walkway Surface
   - Walkway must be stable, firm and slip resistant (no loose pebbles or icy patches)
   - Surface of walkway must not have any cracks, gaps or bumps >1/2.”
   - Water must not be able to accumulate on surface of walkway.

ADA Standards 403
THELOTTERY
Vending Machines

Mitigation Statement:
Relocate Vending Machine

Guidelines:

1. **Location**
   - Vending Machine must be located on an accessible route.
   - Accessible route must be 36" wide minimum and not have any changes in level >1/2"

2. **Clear Floor Space**
   - Vending machine must have a 30"x48" clear floor space in front of machine.
   - Clear floor space must be level and free of any obstructions.
